# The Sands of Time

In the early 1880's as the wild West Texas wind swept the sands of time across the vast Panhandle, a small settlement around Wild Horse Lake took its humble beginnings.

The wind swept again in 1889 as Amarillo's first school opened its doors for a seven month term. The school house was a two room frame building which had been Potter County's first courthouse. Mr. C. G. Witherspoon was the first teacher in the newly formed Amarillo school system. Amarillo's first graduating class came in 1894, members of that class were: Flora McGee, Mary K. Brooks, Eula Trigg and Daisy Martin. These students were taught from such text books as: McGuffey's READER, Ray's ARITHMETIC and Webster's BLUE BACKED SPELLER. Spelling was the core of early curriculum. Early spelling books contained such words as BOIS D'AIC and ASAFELIDA. Debating ranked as the most popular activity of the day, the most common topics debated were "Resolved: The horse is more useful than the cow," or "Resolved: Man is superior to woman."

Soon Amarillo's need outgrew the old school house and because there was no more room to build, an election was called to vote bonds for a new city hall. City law of the day did not allow the voting of bonds for a school building; therefore, the new city hall building was rented to the school board for $1.00 a year. There was much complaint over the location of the school because it was so far from town; it was located at 12th and Polk.

In 1905 a $24,000 building was erected on Johnson, which was Amarillo's most residential street in that time.

In the 1909-10 school term a new school building was erected just south of the old city hall on Polk; this was the first "Amarillo High School," in 1922 it became Central junior high school and in later years, until 1958 when it became too old, it was Elizabeth Nixon junior high school.

Amarillo high school was moved into the present building in 1922. In rapid succession other units were added, the now out-dated Armory-Gymnasium.

Curriculum has had to keep pace with the time, in the early schools only the basic needs were stressed. Later more academic subjects were offered to fit the changing needs.

R. B. Norman, "Poppa Sandie," came to Amarillo high in 1929 from Vernon high school. He retired in 1961.

World War I altered the education philosophy of the school and the methods of education were made more practical.

The depression effected a new change in school policy; during the forties many vocational classes were added to the curriculum.

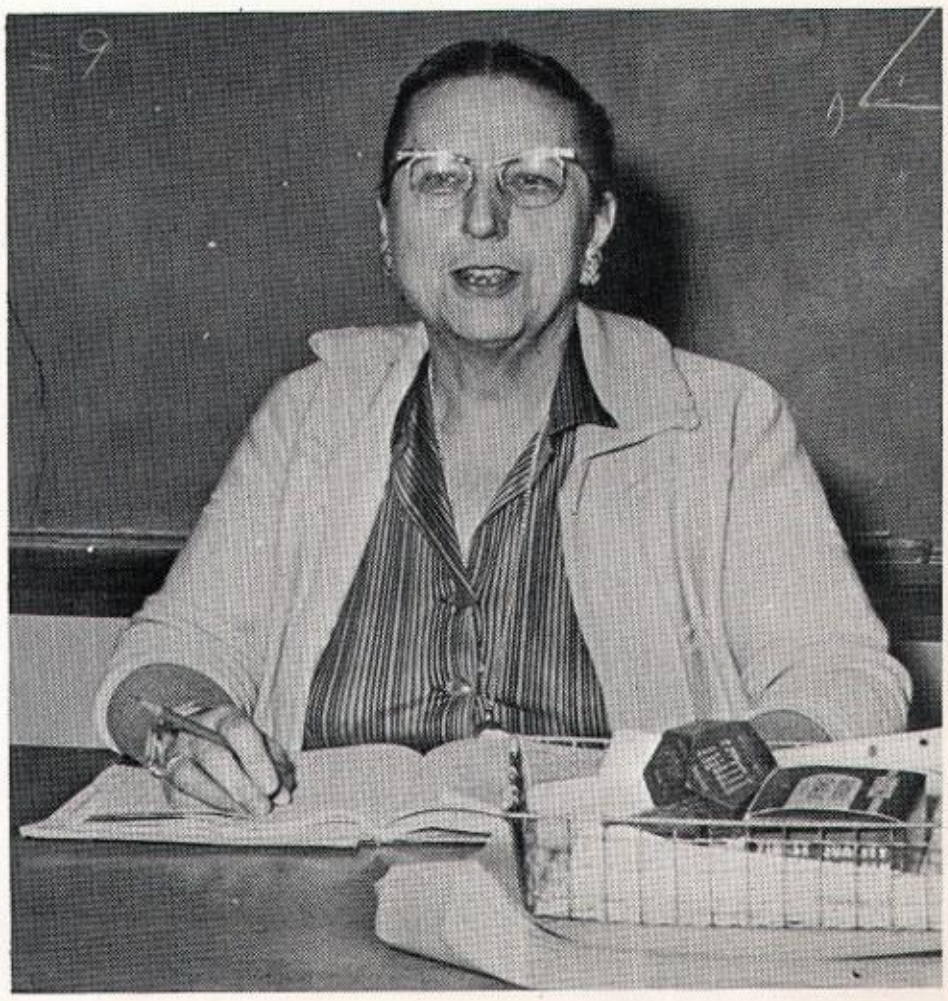
Somewhere in this long period, in the shifting of the sands of time, Sandie spirit was born. The spirit that has lived in the heart of every Sandie who has attended Amarillo high school. This spirit may be found on the athletic field, it may be found in extracurricular contests, or in the class room. Sandie spirit is the enthusiasm shown in the pep rallies during a losing season, the trophy lined halls, the avid desire for learning. Sandie spirit is Amarillo high school, the old building, the cracks in the walls, the creaky floors, the pipes across the ceilings, the ceilings that fall in when it rains, warped stairs. Sandie spirit is the student bodies as they come in and then go out to make their own way in the world. Lastly Sandie spirit is the proud and majestic, yet sad, strains of the school song.

Today Amarillo high is showing the marks of the sands of time . . . we'll sing your praise tonight . . . soon the school may be completely engulfed by the sands of time; but the Sandies have made a name for themselves, as Sandies, and have made a reputation for Amarillo high school, home of the Golden Sandstorm . . . we'll sing your worth o'er all the earth . . . although the building may soon be lost to the shifting sands, Amarillo high school will never be forgotten; it's achievement will stand as long as memory itself stands . . . in books of fame we'll write your name . . . Sandieland will live as long as there are Sandies to keep the spirit and valor alive in their hearts.

# Dedication . . .

The moment of greatness comes to many people in many ways. Only a few can match the greatness of a teacher with the power to kindle the desire in the minds of youth. This moment comes to a teacher when her students; love her, respect her, and learn from her.

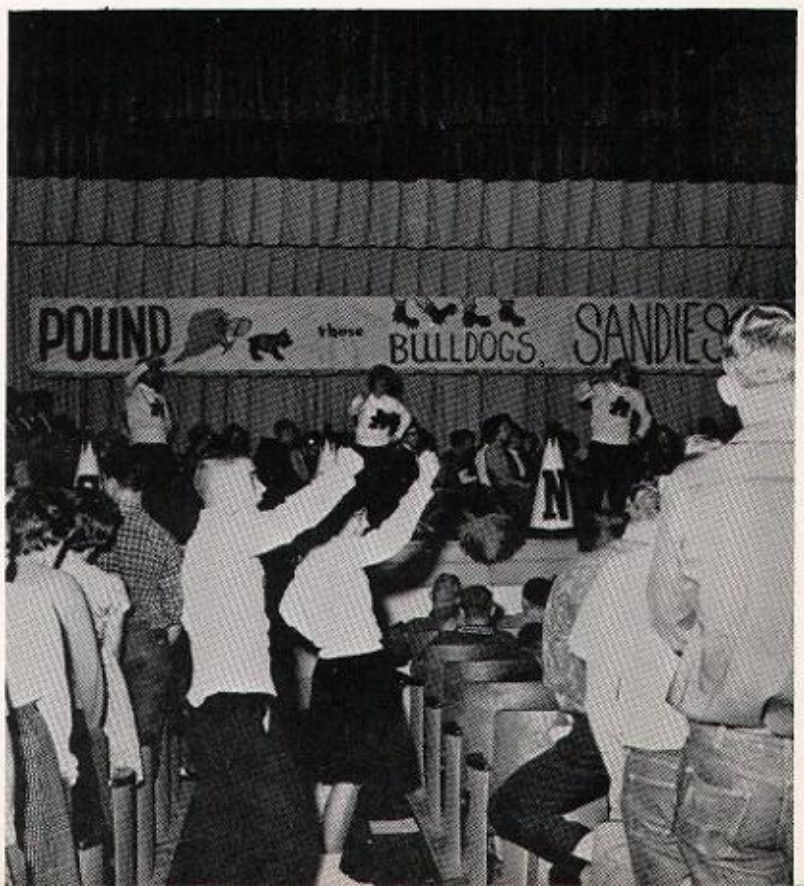
The staff of the 1963 La Airosa wishes to recognize a person in her moment of greatness. We humbly dedicate the 1963 La Airosa to a woman who is a vivacious instructor and an inspiration to all who come in contact with her . . . MRS. MARGARET RESTINE.

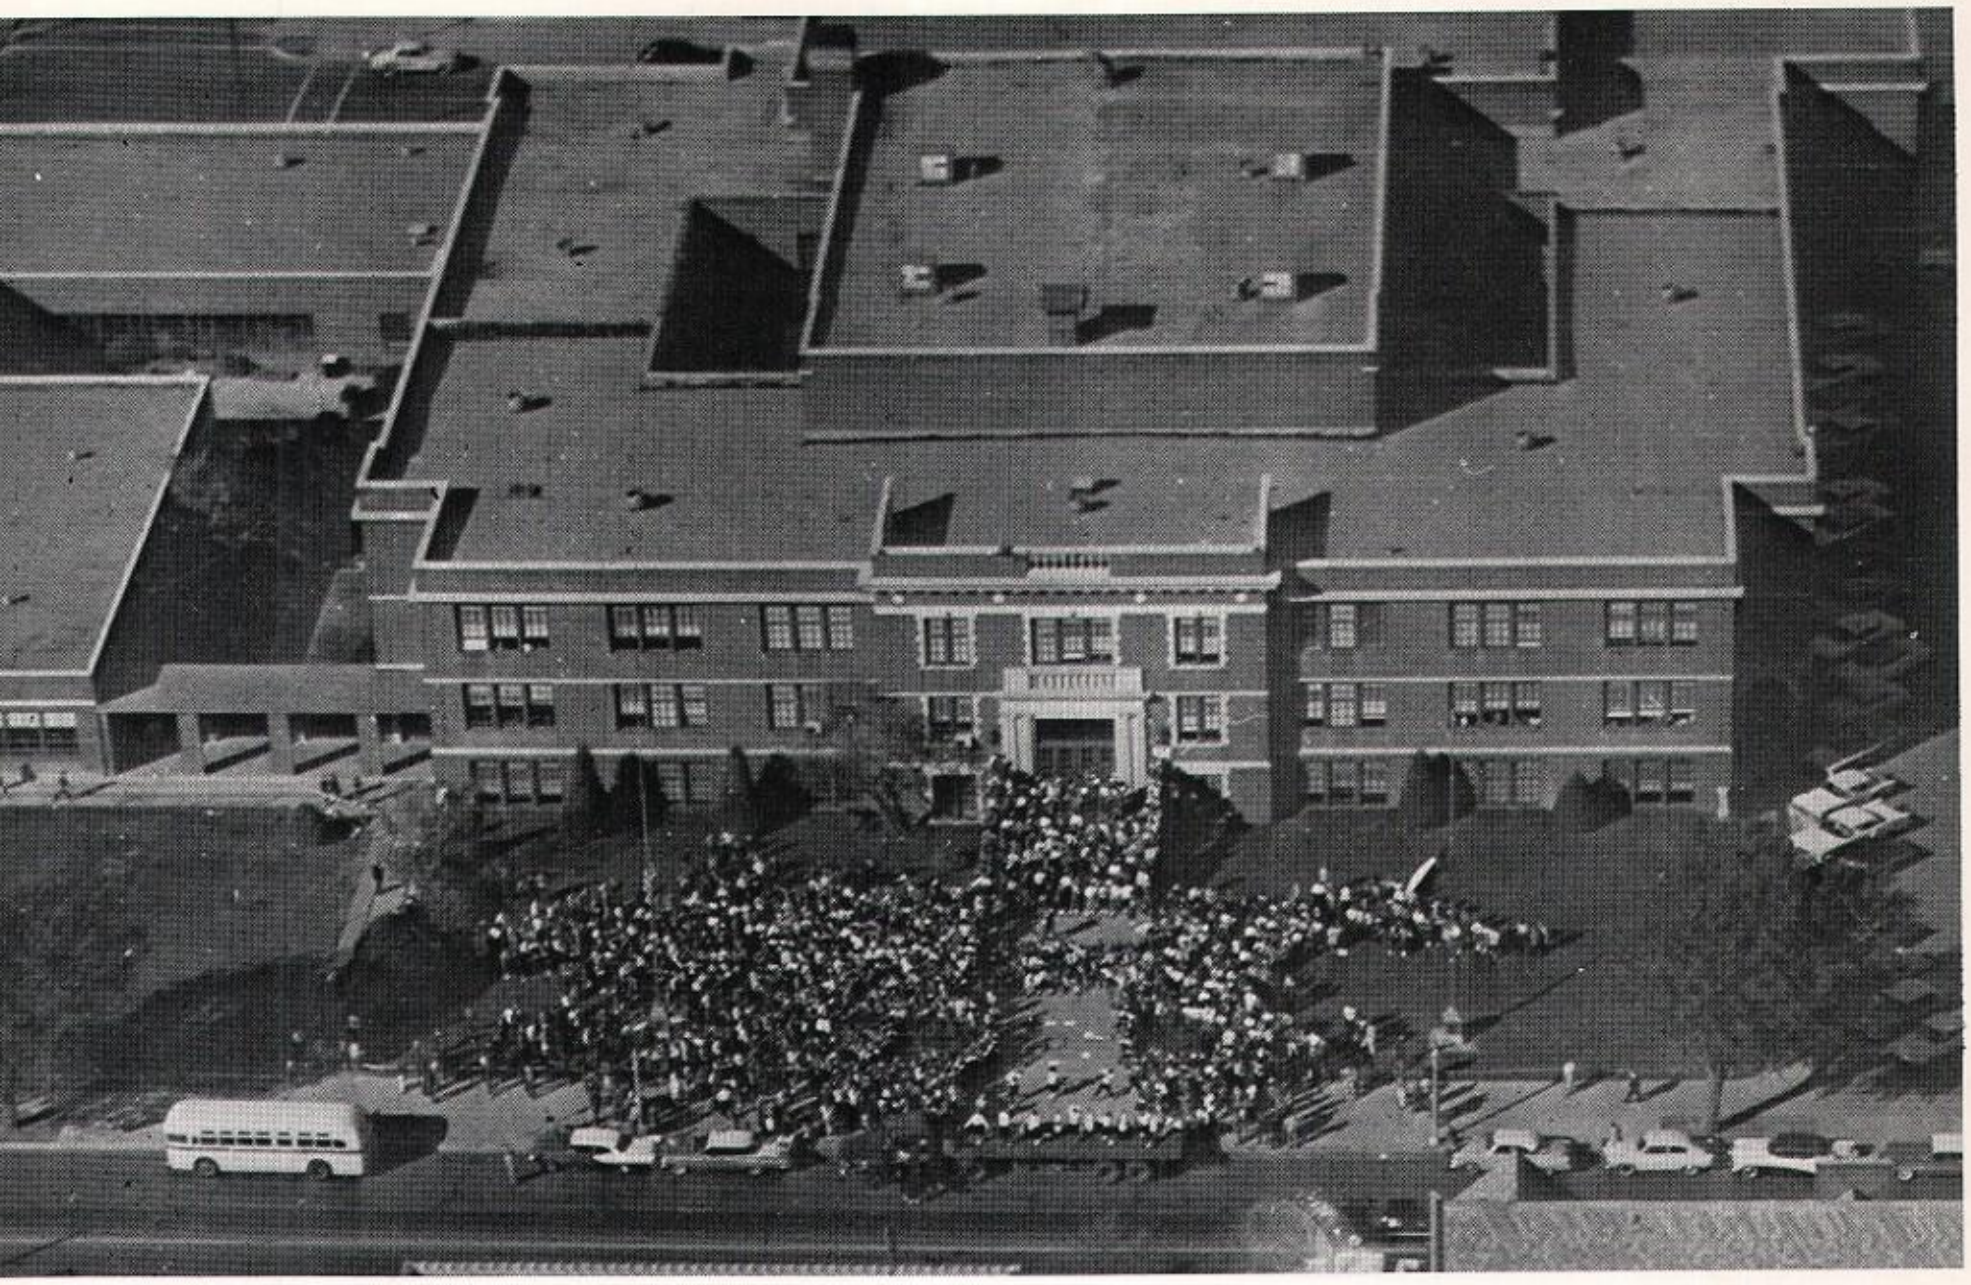


# AHS Graphically Expresses . .

"Scholarship, sportsmanship, service," the motto of Amarillo high school plays an important part in the lives of all Sandies, from the time we enter school as sophomores until we are graduated, and every day in between. We are all different, in our activities; our studies and our outside activities, but while we are Sandies we are all united in one common goal. We are now at an age where responsibility is on the increase. We have much to think about: where will we go after graduation, what will we take next year, will we go on to college or will we set out in the world on our own. As we strive for culmination of human communication and understanding, we become universally expressive. For one year of our lives we were united in common motto, and when we must go on to bigger and better things, even as we find ourselves growing up, there will always be a part of us that is Amarillo high school.

The Sandman stands out as a symbol of Sandie spirit.





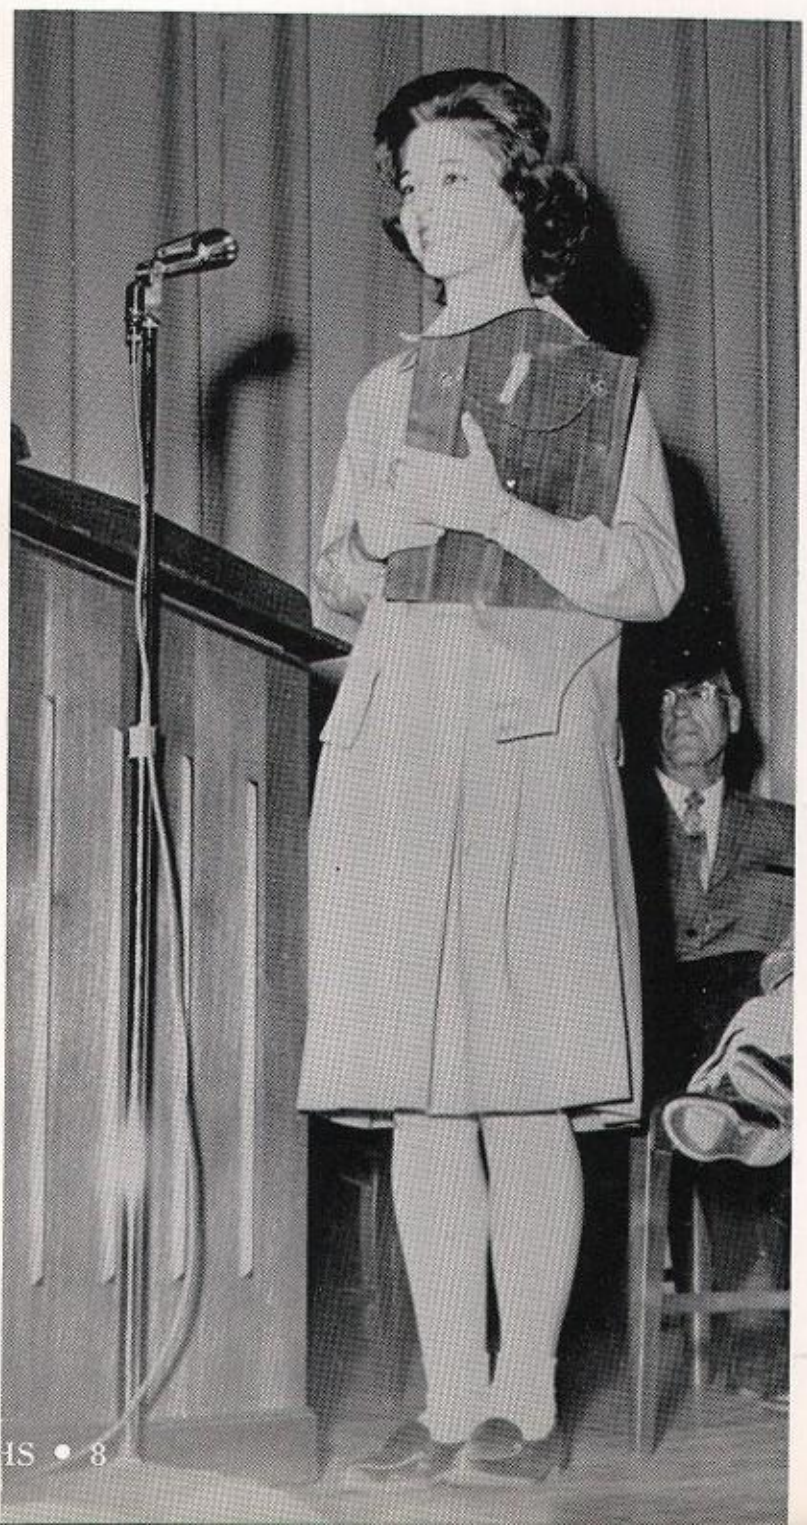
Amarillo high school holds its place in the community, located in downtown Amarillo at 12th and Polk.

Amarillo is a city on the move, and we, the future citizens of this town, are the compelling force to keep Amarillo moving. Today we watch it grow, tomorrow we become a part of that growth. There are many things to be done and we must do them.

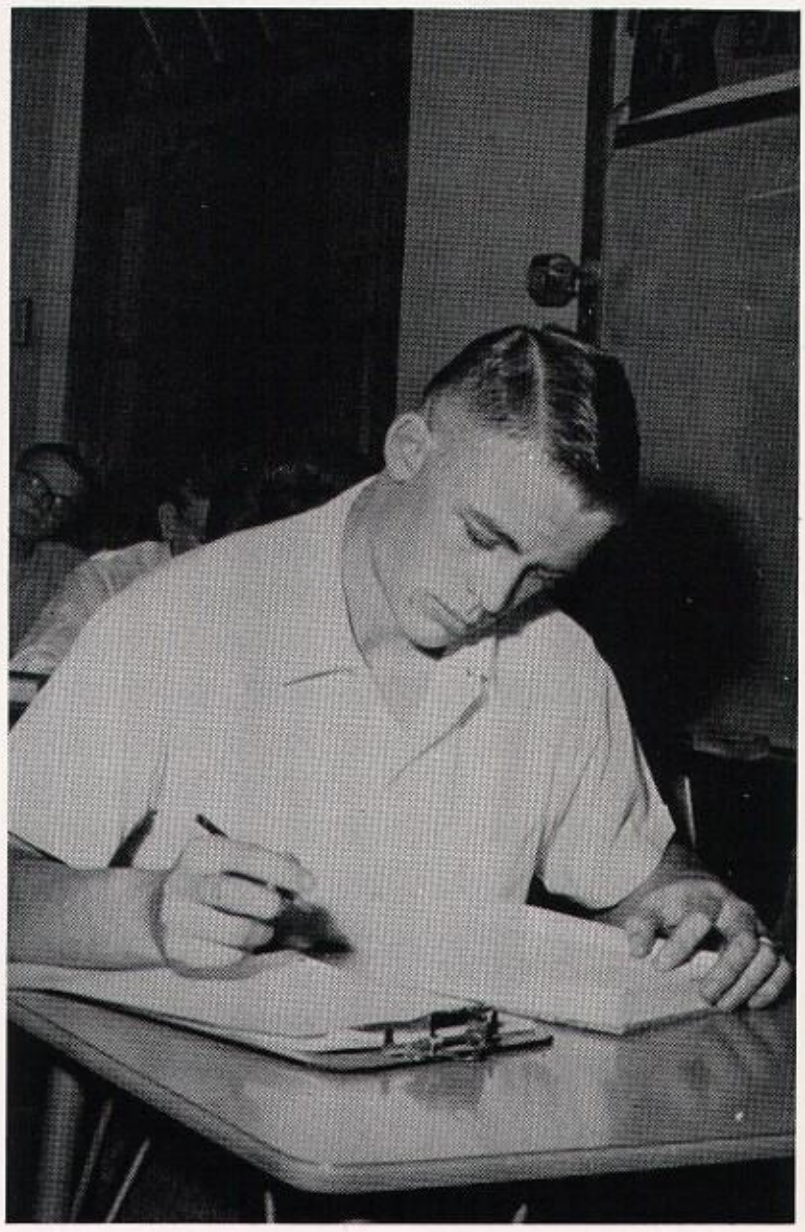
We see the intricacy of commercial Amarillo.

We must prepare ourselves, as the youth of today, we must devote our zeal and enthusiasm to be leaders tomorrow.

We have a feeling of pride in our athletic teams, it is in this pride that all of the school spirit we possess manifests itself, emotionally and vocally. The spirit of the Sandies is unmatched at football games, at basketball games and at pep rallies. Sandie teams have achieved immortality because of their spirit. Our teams' sense of sportsmanship and values is upheld despite all odds. The Sandies win with humility and accept defeat as a means to greater victory. As far as desire tempered with good play is concerned, no Sandie ever lost a game.



The academic side is not a true picture of the student, for there is the never ceasing buzz of campus activity: the dash to the locker, the hurried hello's, the friendly chats. Bursts of laughter and friendly chatter echo from classrooms to corridors. Groups getting together, all joining in club activities . . . a cooperative adventure in school life.



The ceaseless whir of activity is the center of student life. Holding hands in the halls, the dances, the dates . . . the never-ending crises and events which make the hard work bearable, a counter-balance of classwork.

GO

The Amarillo high school student of today is faced with many new problems and challenges, with the standards of education higher than ever. We as students must maintain high scholastic averages, we must use our abilities to learn and make use of that knowledge.

Amarillo high school offers many accelerated classes to meet strict curriculum requirements and to meet the needs of the advanced students. These classes offer more challenge. The students more thoroughly for college work.

Vocational classes are offered to train students for occupations after graduation.

Twenty years ago a diploma and a few recommendations were all a person needed to get into college, today a student must have a strong academic background to be considered.

Amarillo high can be proud of its modern day curriculum.

Journalism courses offer many phases of curriculum. Printing tickets and programs on the school's printing press is one of the many things taught.

The photography department is equipped with a complete dark room. All pictures for the Sandstorm, La Airosa and Roto are taken by school photographers and processed by these students in the dark room.

DID YOU READ THIS FEATURE?—Margaret Patton, first semester Sandstorm editor, reads over copy for the newspaper.

COLUMN TIME—Writing her editor's column for the Sandstorm is Laurie Gray, second semester editor.

PHOTOGRAPHER AT WORK—Larry Boone tries vainly to take a picture in the journalism room as Carol Ayers looks on. Judy Feferman is working, as usual.

POSING—Carol Ayers, second semester editor of the Sandstorm, gives the photographer a few minutes.

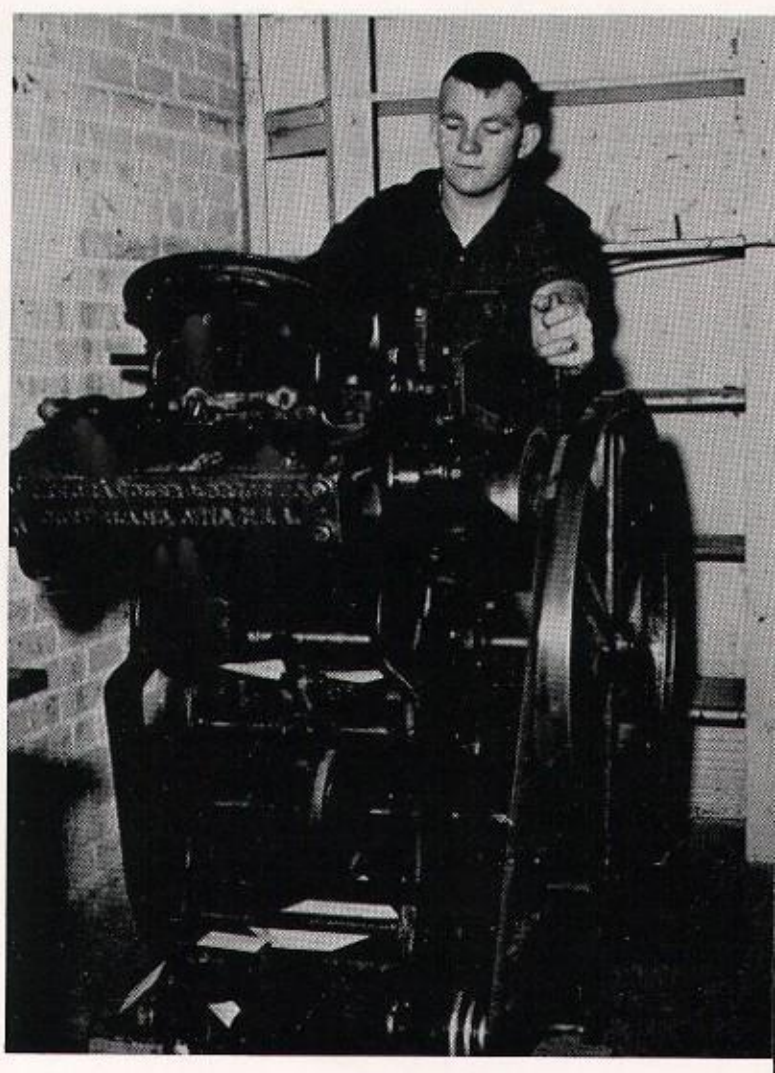
DID YOU HEAR THE ONE ABOUT?—Journalism students Roddy Wolper, Greg Vitarelli and Billy Mouser take time out of a busy schedule to tell a few jokes.

OURS ARE DIFFERENT—Comparing layout pages at Taylor Publishing Co., are Roddy Wolper, Ken Cusick, Ronald Lindquester, Bill Grenewald and Miss Dorothy Butler, Director of Publications.

FINAL PAYMENT—Bill Grenewald collects the yearbook payment from a student.

# Journalists Learn Printing – Photography

WHO PUT THE WRONG TYPE IN MY BOX?—Beginning journalism students, Billy Mouser, Greg Vitarelli, Ned Nevels, Sandy Lane, Linda Ledbetter, Marquetta Graham, Gay Stroud and Thresa Cobb, learn the California job case.



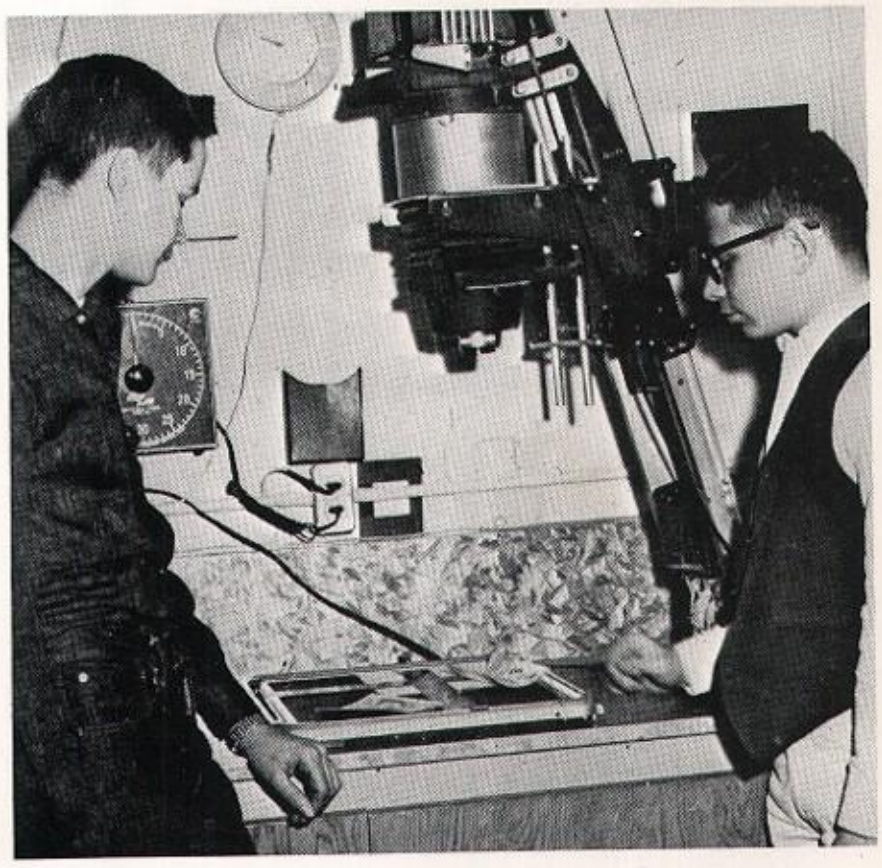
LONG HOURS—Larry Hill runs off a proof on th department's printing press.

SANDSTORM STAFF—Hard working members of the newspaper staff are Laurie Gray, Joe Batson, Judy Feferman, Sandy Moore, John Hodges, Judy Boswell, Margaret Patton, Jim Reinarz, Larry Hill, Steve Shaw, Patty Gray, Ronald Lindquester and Ronnie Wood.

Some of the organizations the journalism department participates in are the Texas High School Press association, West Texas High School Press association, and the Oklahoma Interscholastic Press association.

This year's sponsor of publications is Dorothy Dell Butler, a graduate of Oklahoma university. Before coming to AHS, Miss Butler sponsored the "Classen Life," Classen high school, Oklahoma City. Other than teaching classes in journalism, Miss Butler teaches a sophomore English class.

FOLDING TIME—John Goolsby, Phil Brown, Pat Garner, Lon Atkin and Mike Mauldin fold the Sandstorm for distribution in homerooms.



I GET SICK LOOKING AT PICTURES—Photographers Kenneth Allen and Larry (Tweety) Byrd finish up the last of hundreds of yearbook pictures.

I CAN'T FIND AN A—Setting up type for the editorial headlines is John Goolsby.

# ROTC

HUT, TWO, THREE—Sharon Price, ROTC sponsor, marches in drill practice.

BATTLE GROUP DRILL—ROTC cadets have drill on Mondays during homeroom period.

"Duties of the ROTC range from service to the school to taking part in civic activities. Members of the corps are in charge of raising and lowering the flags in front of the school each day. During the Tri-State fair, the companies and staff march in the annual parade. The ROTC is also in charge of ushering at football games, for all three high schools in Amarillo," Captain William D. Cheshire, head of the Reserve Officers Training corps, says.

The battlegroup is divided into four companies which, in turn, are separated into platoons and squads. Each company meets one period a day.

Officers are chosen from three year cadets who do superior work and show leadership qualities.

REPORTING—Saluting an officer on inspection day are cadets David Needham and Eddie Taylor.

ROTC OFFICERS—Bottom row—Patsy Martin, Tim Stroud; second row—Walter O'Brien, Nancy Garner, Tommy Cole, Jane Schorlemer, Ronald Horn, Mary Jean Owens, Joe Ray; third row—Marvin Parker, Margaret Patton, John Clegg, Sandy Hamilton, Terry Smith, Kaye Persall; top row—Joe Batson, Ricky Gerken.

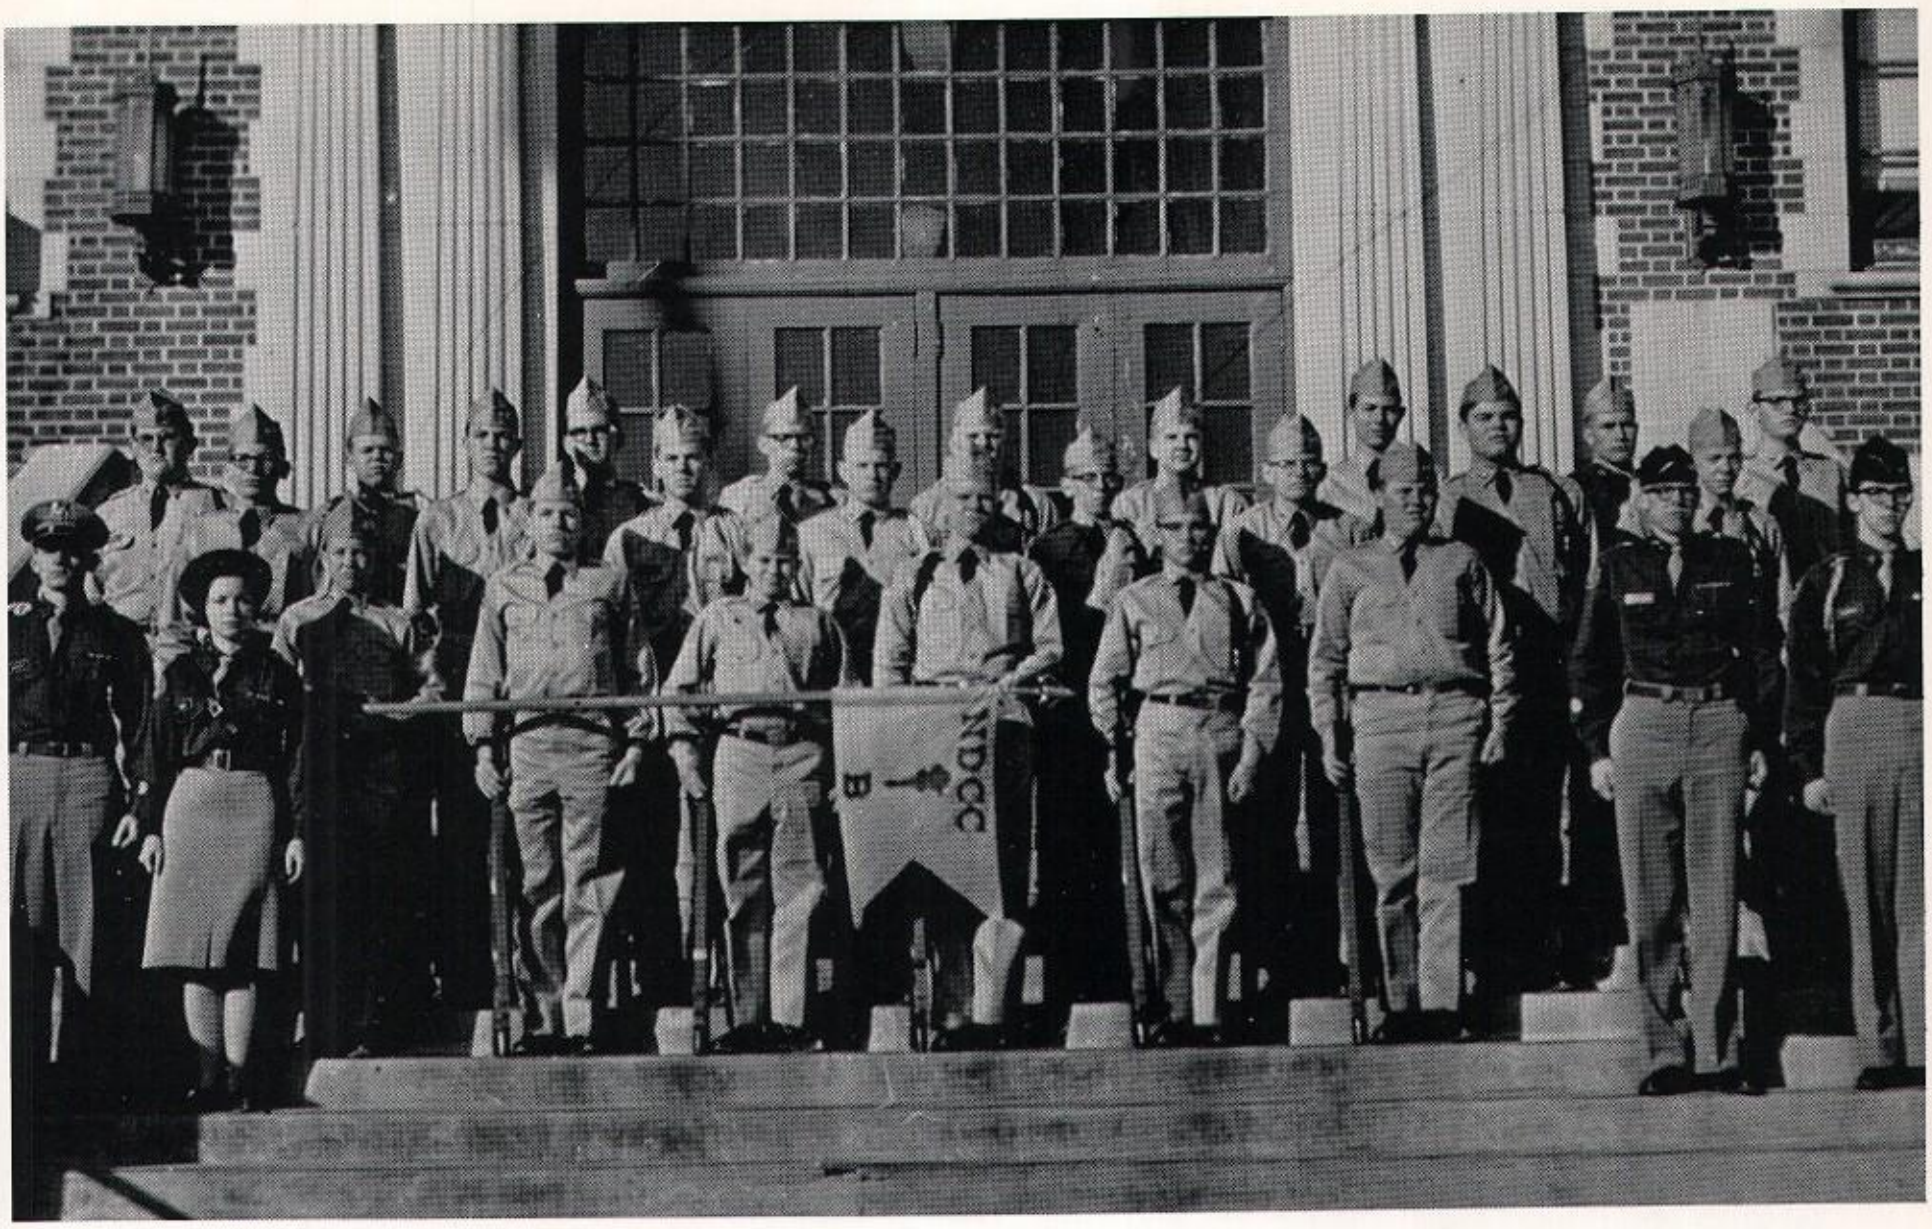
COMPANY A—Bottom row—Stan Kiesper, Richard Wilder, Mike Carathers, Jim Savage, Curtis High, Roy Butler, Eddy Taylor, Sharon Price, Darrell Stuteville, Trenton Kohlman; second row—Mike Buchanan, Larry McSweeny, Mike Veron, James Jett, Bob Farnsworth, Jimmy Reville, Mike Slagle, Harvey Swenson; third row—Robin Taylor, Mike Barnyard, Gary Wright, Scott Tyrell, Richard Davis, Larry Broods.

Each officer has a senior girl to be his sponsor. These girls' duties include assisting their officer and improving the morale of the corps.

During the summer months and at registration at the first of the school year, the officers and sponsors work together to recruit freshman boys who will be attending Amarillo high. Those who are recruiting visit or call each freshman in an attempt to get them to sign up for ROTC.

The Sandieland battalion met weekly on Monday for Battle Group drill. Personal inspections in full uniform were completed during each company period. Companies vie for places during the battalion drills each week. Honor companies were named at the annual Military ball in the spring. The battle-group is judged and graded by staff members and Captain Cheshire.

TOP RANK—Officers Walter O'Brien, Terry Smith, Tim Stroud, Patsy Martin, Nancy Garner and Jane Schorlemer stand at attention.



COMPANY B—Top row—Roger Tompson, Richard Wilder, Clinton Weaver, Jim Merrick, Noel Greer, Greg Shelton, Richard Gardner, Mike Flarone, Willis Bacher; second row—Melvin Madison, Danny Butler, Charles Carathers, Stanley Knight, James Shelfhort, Larry Boone, David Inman, Edward Kompen; bottom row—Cleve Baccher, Candis Wood, Gene Osborn, Frank Fann, Royce Campbell, Stanley Belter, Leroy Perry, Gary Adams, Louis Schellfont, Richard Brown.

Highlight of the fall semester's activities is the Christmas banquet and dance for all ROTC members and their dates. Sponsors of the corps served as hostesses of the occasion. This year the dinner was served at the Top of the Village and the dance took place at Gene Galle's studio.

In the spring Federal inspection is held by officials from Fort Sam Houston who judge the entire corps on military knowledge, marching and discipline. For the past five years, Amarillo high has had an honor group. This rating means that this group is considered one of the best battlegroups in Texas.

Much thought and work are put into the rating of these groups. First, the efficiency of the men is under consideration.

AND-A-LEFT—Officer, Trenton Kohlman, marches before the ranks during an inspection.

COMPANY C—Bottom row, left to right—George Butler, Pam Chapman, Dan Peyton, James Barber, Frank Johnson, Don Davis, Dan Graves, John Marler; second row—Walter Bradley, James Burg, Gary Andrews, Joe Fleming, Cody Cowden, Tony Hanley, John Ginter; third row—Gary Stevens, Johnny Shuping, Larry Simmons, Bobby Murphy, Bobby Messer, Benny Bell, David Nail, Jim Wood; fourth row—Loren Bullard, Jack Flesher, Donny Rea, Ronald Crowell, Roger Hense, Steve Terry, Fred Townsend, Doug Johnson; top row—Carl Haidle, Ronald Gammage, Bill Sellon, James Fletcher.

The work of the professor of Military Science and Tactics also has a big part in the decision because of the reports and paper work which he does. The result of the rating is not because of any one man or any one company, but the result of a smooth working team.

ROTC is a drill subject and offers one-eighth credit per semester. Companies meet first, second, third and fourth periods.

Captain William D. Cheshire was named the Professor of Military Science and Tactics in 1958. He advises and supervises ROTC work.

Cadet Col. Tim Stroud is the student head of the corps. His Honorary Col. is Patsy Martin.

READY, AIM, WAIT A MINUTE!—Carl Hidle, Bill Nash, Lowell Allewine and Frank Johnson fire M-1 rifles on the rifle range.

COMPANY E—Bottom row—Tony Gomez, Donna Ferguson, Bob McDonald, Tommy Vaughn, Daryl Bayle, Robert Scott, Mike Wilson, John Pat Bourassar; second row—David Blackwell, Steve Busby, Tracy Moore, Richard Gardner, Arlis Edwards, Larry McCormick; third row—James Densford, John Ruching, Bill Utterback, Meryl Williams, Jim Meeks, Robert Thompson, Buck Peters; fourth row—Larry Drisckill, Bruce Hobbs, Kenneth Davis, David Deam, Larry Bittick, Mike Keck; top row—Hal Crawford, Larry King, Jack Miller, Don Siple, Richard Bandy, Delmer Piuson.

Staff officers are Walter O'Brien, Nancy Garner, Tommy Cole, Jane Schorlemer, Ronald Horn, Mary Jean Owens, Marvin Parker, Margaret Patton, John Clegg, Sandy Hamilton, Terry Smith and Kaye Persall. Company commanders and sponsors are Trenton Kohlman, Sharon Price, Cleve Baucher, Candis Wood, George Butler, Pam Chapman, Tony Gomez and Donna Fergusen.

The 55-C unit of Amarillo high school was authorized as a National Defense Act of Congress in 1919. Uniforms and commissioned army officers are not furnished by the Federal government for 55-C units as for junior ROTC units.

OFFICER LOVELIES—Top row—Pam Chapman, Nancy Garner, Margaret Patton, Kay Persall; bottom row—Candis Wood, Sandy Hamilton, Patsy Martin, Jane Schorlemer, Mary Jean Owens. Not shown is Sharon Price.

SECRETARIAL TRAINEES—Joe Anderson and Mary Joyce Dawson, vocational adjustment students, learn the fundamentals of typing.

# Vocational Adjustment . . .

Vocational Adjustment is in its second year at Amarillo high. The classes are taught by Rueben Schantz.

The purpose of the classes is to train students for the vocation best suited to them.

Girls are trained to work as sales clerks, nursery workers, waitresses, domestic helpers and such fields. Boys are trained for custodian work, service station work and similar jobs. After receiving this training, the students usually get jobs and come to school for half a day.

LEARNING PROCESS—Reuben Schantz, vocational adjustment teacher, shows students a few pointers about the cash register.

# Library Aides Study

Our library contains a collection of books, manuscripts, periodicals, pamphlets and daily papers for the reference of the students and teachers at Amarillo high school.

Mrs. Howell and Mrs. Whorley, our librarians, select books that will most help the students at AHS. These ladies are always willing to help anyone in need of information. Our library also is staffed with library aides who help in various ways.

The fines collected from overdue books or lost books are used to pay for new books and to repair those which have been damaged.

HAVE YOU READ THIS ONE?—Mark Smart and Stanley Harrelson explore the library for a required English book.

HAT'LL BE TEN CENTS PLEASE—Charlotte Guyette discusses a roblem with librarian, Mrs. Whorley.

CHRISTMAS CONCERT — The Choir is seen practicing with the orchestra in preparation for the annual Christmas concert.

# Choral Music

Bel Canto means beautiful singing; it is evident in any performance given by the Bel Canto Chorale.

The choir was first established in and since has accredited the school with many honors.

Under the direction of Louis Pippin, the choir has participated in many civic and school functions. This year they sang for school assemblies, the Rotary club, churches and the canned food drive.

Participating in the Christmas festivities they presented selections from Handel's "Mesiah" over KFDA radio and a program on TV.

The Continentals, an all male group, consists of Johnny Brown, Ken Garland, Robert Dobbins, Dave Allen, and David Morrow. They are accompanied by Jimmy Sissel on the guitar.

The Bel Canto Chorale can truly be called the pride of Amarillo high school.

SOFTER—Mr. Louis Pippin directs the Bel Canto during an assembly for the students. The program was given in preparation for a 16th century concert given at the First Presbyterian church.

A DUET—Linda Hill and Barry Gathwright pose for the camera while practicing a duet in choir class.

THE CONTINENTALS—Singing during an assembly are David Morrow, Johnny Brown, Robert Dobbins and Dave Allen.

# Sandie Band

The first Sandie band, consisting of 11 members, was formed by Oscar Wise in 1922.

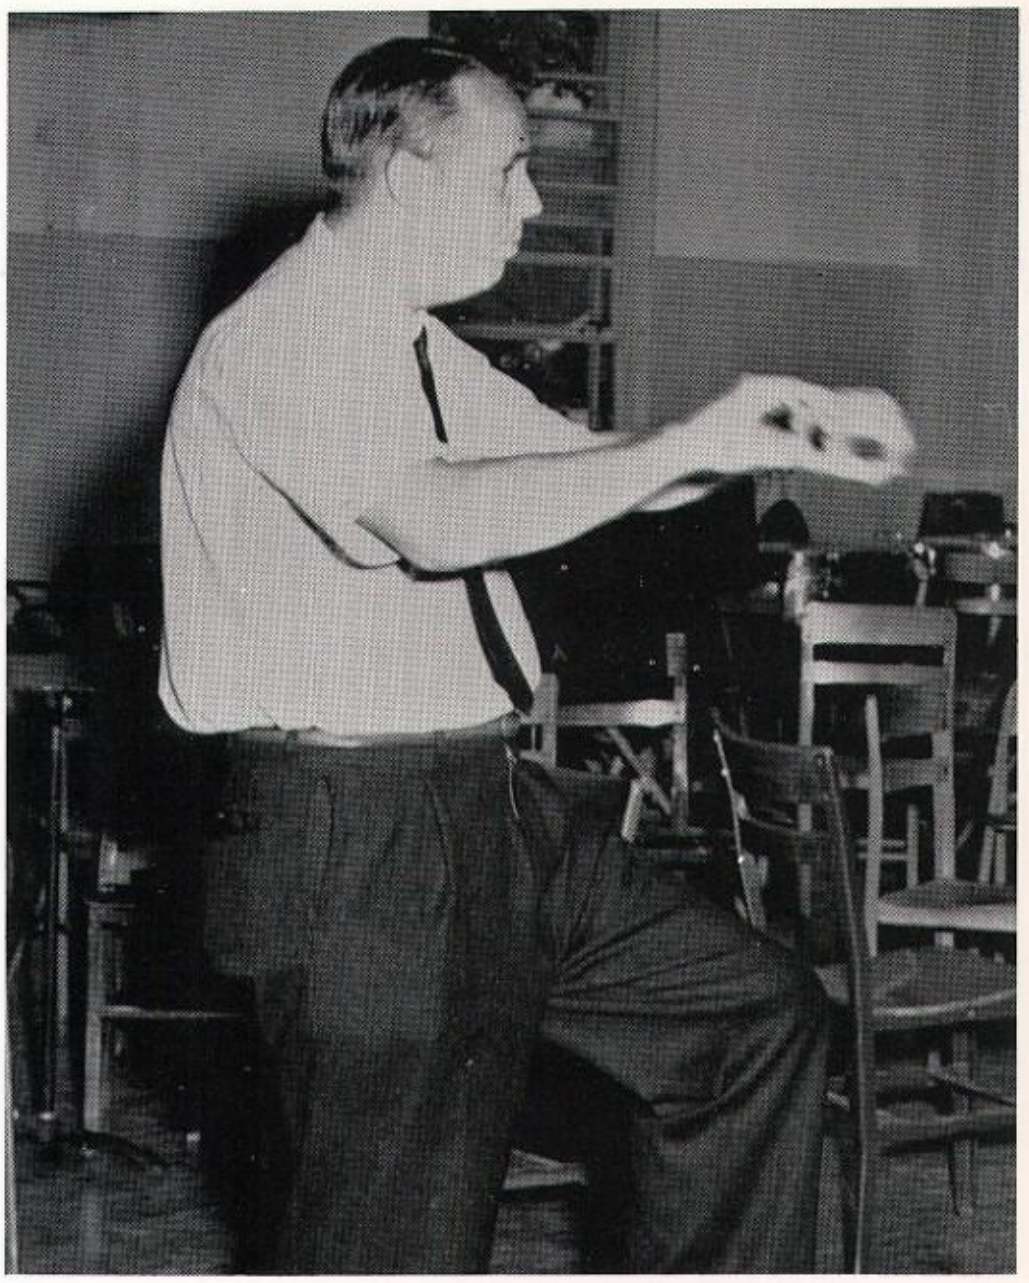
In 1928 Mr. Wise entered his band in a contest in Denver, Colorado.

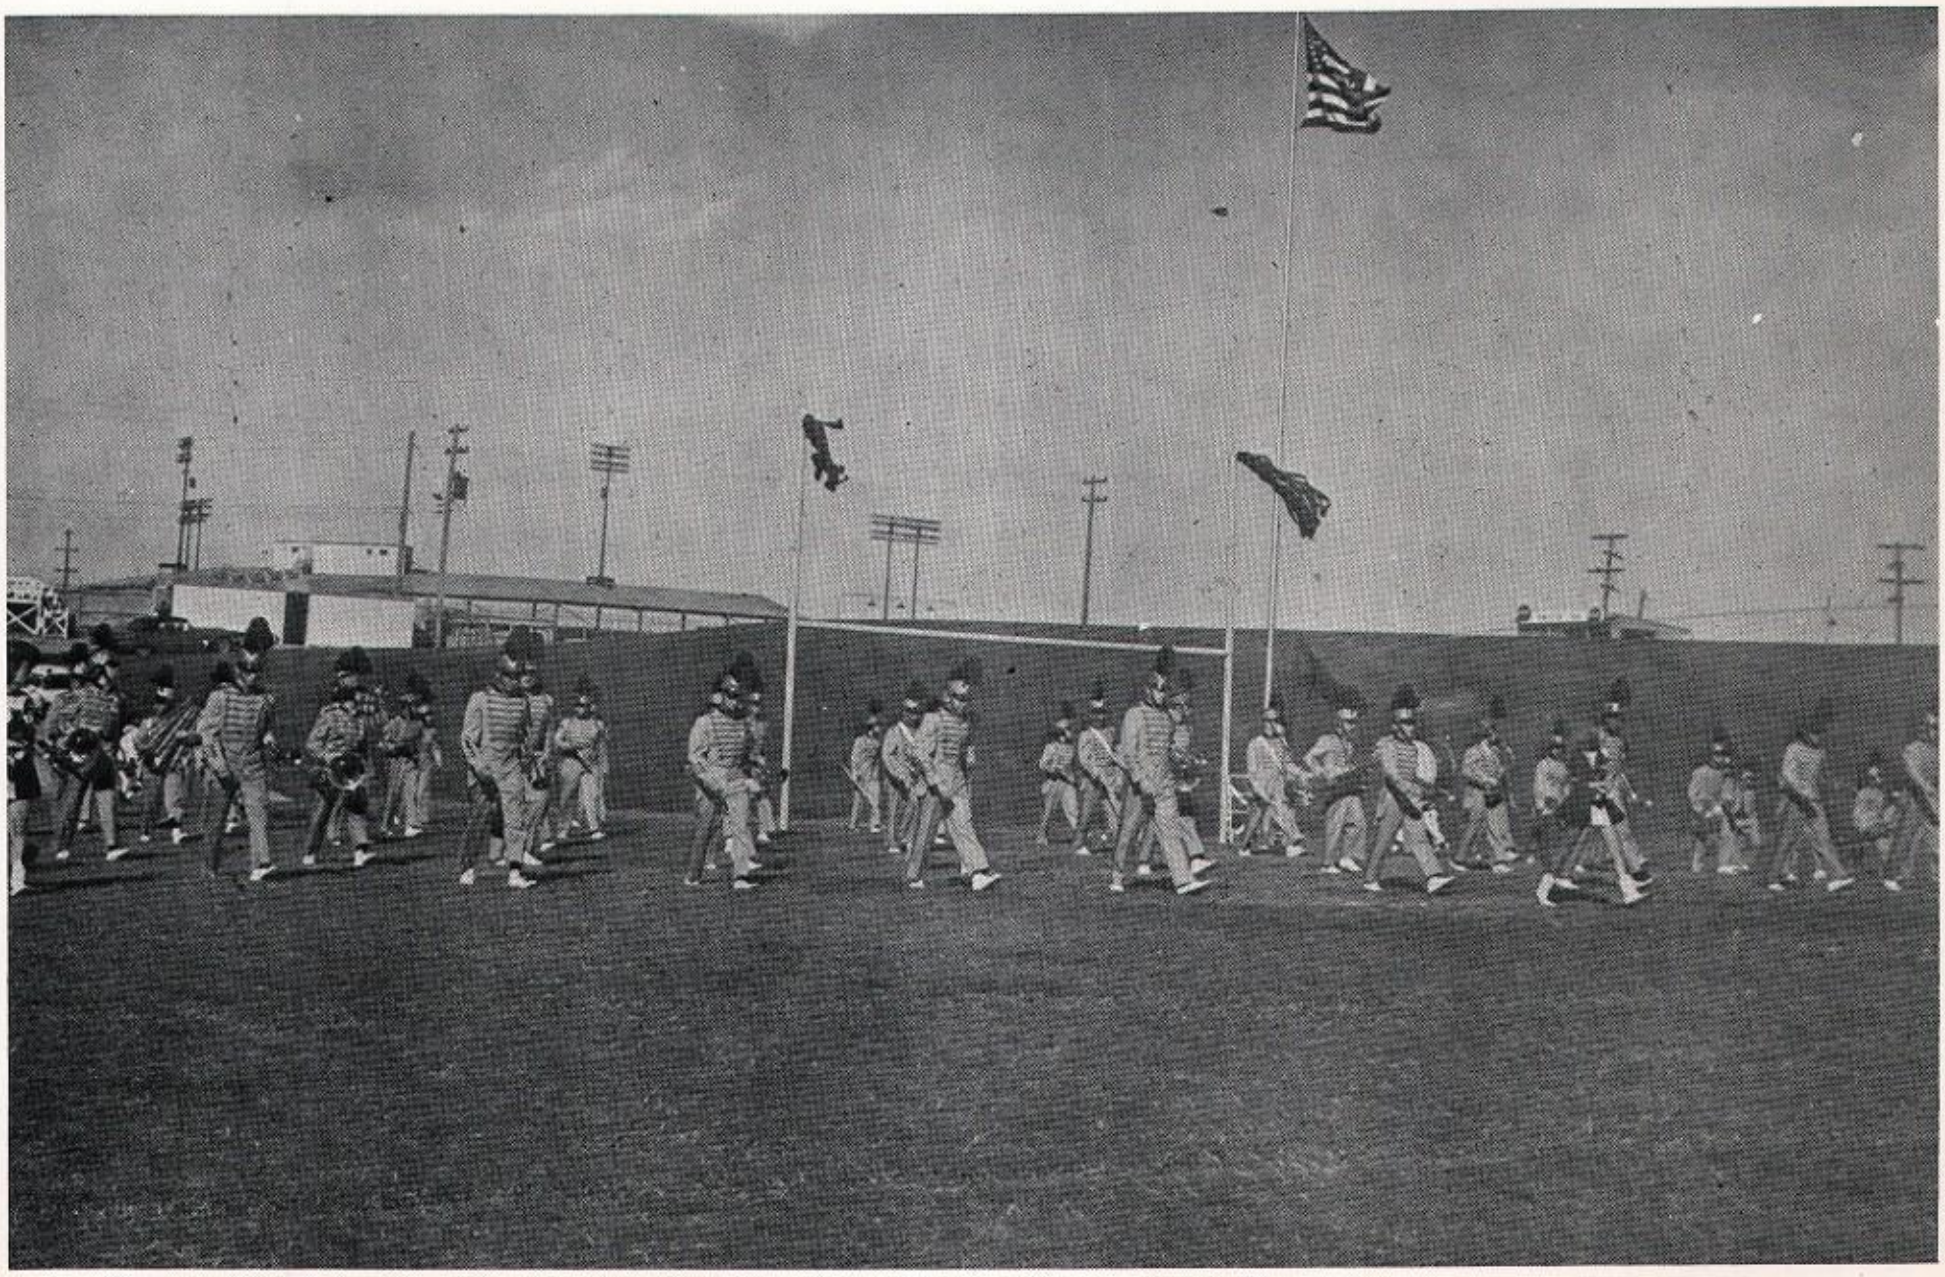
Julia Dean Evans succeeded Mr. Wise as director in 1942 and was followed by Clyde Rowe in 1943 and Charles Emmons in 1949.

Mr. Emmons made a tradition of participating in the Tri-State Music festival.

Wayne Muller replaced Mr. Emmons as band director. W. O. Latson, director of the Sandie band, took over as director in 1958.

At left is shown Mr. W. O. Latson, band and orchestra director. Below is the band practicing at the stadium.





WHAT'S THAT NOTE?—Johnny Gibson prepares to play as Donnie Minnick attacks a solo. In the background is Steve Van Vliet, leader of the stage band.

I CROWN YOU QUEEN—Lynn Dupree is crowned by Ed Fike, president of the Band and Orchestra Parents association.

CHRISTMAS CONCERT—The entire orchestra, along with the choir, pose during one of the assemblies in which they presented Christmas music to the student body.

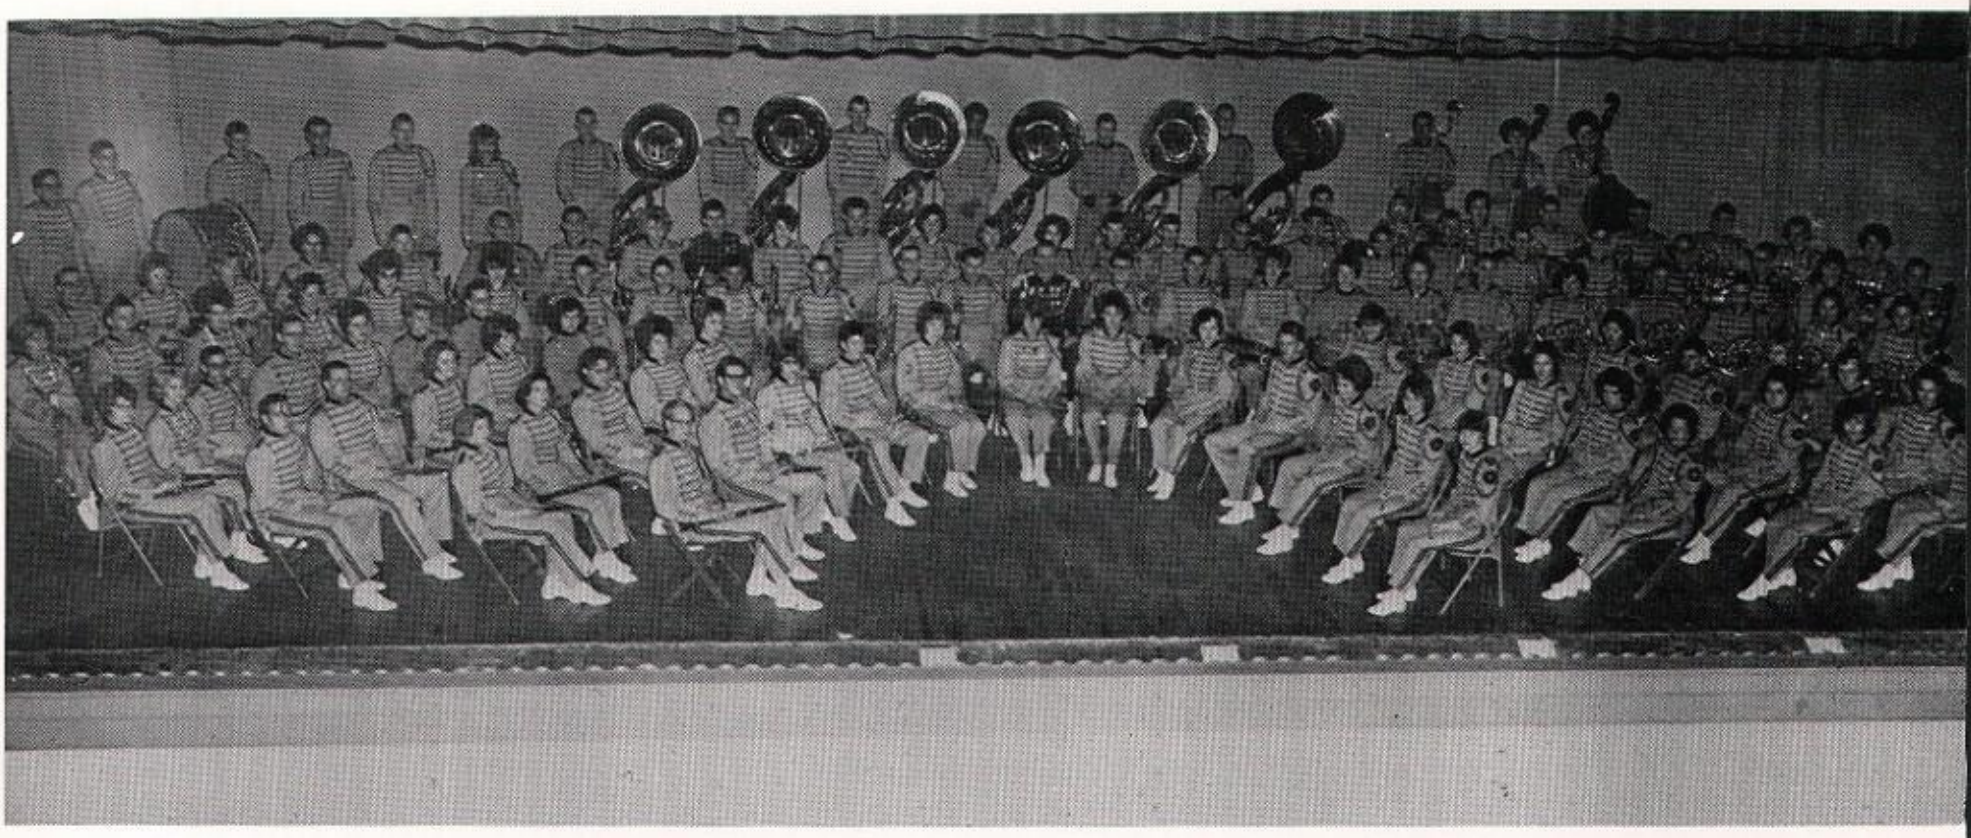
# Orchestra

Director William O. Latson leads the orchestra as well as the Sandie band. The orchestra is one of the finest high school musical groups in the country and claims to be the finest yet.

During a winter concert given in February, Lynn Dupree was presented as orchestra queen. After the most impressive coronation, an outstanding concert was given by the entire orchestra.

Another musical group at Sandieland is the stage band or the Dukes of Sandieland. They perform at many dances and programs throughout the year.

WHERE ARE WE?—Asks Margaret Cates during one of the long practice sessions held by the orchestra. In the background is the choir, during a practice for the Christmas Concert.



THE GOLDEN SANDIE BAND—The combined bands pose for this picture as the camera catches the 135 persons in full parade dress. The band performed at all football games and held several concerts.

FASTER, FASTER!—Members of the orchestra play during the concert given preceding the Christmas holidays.

WHAT'S THIS FUNNY STICK FOR?—Mary Jane Whitaker salutes the band queen who was presented in a dual ceremony with the Tascosa high school band during the halftime activities.

# National Honor Society

In 1929, sponsored by Dr. Othelia Wesely and Charles F. Poole, the National Honor society was established. The purpose of the society has always been to recognize its four basic principles, character, scholarship, leadership and service.

The National Honor society is a national organization to promote interest and enthusiasm for high moral standards. For a student to join the National Honor society, he must have at least an average of 90, a commendable citizenship record and he must have given some service to the school.

The sponsor this year is Mrs. Irene Hamilton. The president this year is Bob Sevick.

# Ken Club . . .

The Ken club was first organized in 1938 with Nellie Jane Luther as the sponsor. This particular organization was started strictly as an honor group. The Ken club has no activities and has only two meetings a year, one in the spring for installing new members and one in the fall for electing officers. A grade average of 90 or above is required for membership. The club has approximately 200 members each year. Margaret Josserand is the present sponsor with Jim Hill as this year's president.

The word "Ken" is the oldest known Greek word for wisdom. Translated into Scotch it means "to know and to understand."

The emblem of the Ken club is silver and white. First one sees the head of Minerva, the Roman goddess of wisdom. Then the word Ken appears as naming the club. The five stars which are seen, originally stood for the five solids which most of the members took is now interpreted to stand for scholarship, service, leadership, character and responsibility. The "A" stands for Amarillo and the A average. The emblem is shield-shaped as a guard against ignorance.

# Allied Youth . . .

The Allied Youth organization of AHS is one of the largest clubs this year. The AY holds regular meetings in the cafeteria and refreshments are served afterwards. Every student is invited to attend, and membership has a one dollar price tag.

This year the Allied Youth sponsored many spirit building dances after football games. The cheerleaders helped with the dances which were very popular with the students.

One of the highlights of AY activities was the Popularity ball held in November. At this gala affair, the favorites, Mr. and Miss AHS, Miss Sandieland and Mr. Ugly were presented. The auditorium was used for the presentation and the dancing was done in the cafeteria. The Sultans of Swing played for the dance.

The purposes of AY are to help decrease teen-age drinking and smoking. Each week a speaker is invited to talk on the effects of alcohol on the body. Pamphlets and publications on teen-age problems are made available to members by the sponsor, Mrs. Mary Conerly.

# Student Council . . .

The Student Council, under the sponsorship of Earl Mills, is a service organization composed of elected delegates from all homerooms. Now in its thirty-fourth consecutive year, it has served Amarillo high school since R. B. Norman became principal in 1929. Since then it has become an integral part of student and school life.

Holding high the name and honor of Amarillo high school is the prime concern of the Student Council. Among its projects this year were selling La Airosas and booster tags. It is also completely financially responsible for the exchange student each year.

The Student Council sends delegates to the state Student Council convention each year and also sponsors the Honor system. A week was set aside as Honor week early in January to promote the Honor system.

STUDENT COUNCIL—Bottom row—Mary Nell Sticksel, Sharon Price, Debbie Denmead, Lana Rogers, Angela Andrews, Sally Lewis; second row—Jerry Kisner, Mary Jo Hudgins, Patsy Martin, Judy Straughan, Donna Ballard, Marie France Callier, Glynda Gragg; third row—Joe Womack, Eddie Cooper, Sara Sherrill, Susan Grundy, Carol Ann Walker, Janis Parkinson, Pam Dial; top row—Buddy Odom, Mike Mullins, Dennis Dilinger, Ray Renteria, Bruce Sadler, Dudley Chewning, Freddie Black.

DON'T LOOK NOW, BUT—Mr. Earl Mills, Student Council sponsor, and Katina Simmons carry signs which will be hung in the halls. The signs carry maxims and reminders and are a project of Student Council.

# Thespian Society

The National Thespian society is an honor society for outstanding students in the dramatic arts. During the year the students present plays to the student body. The sixth period Thespian workshop is responsible for the one-act play presented for interscholastic league competition.

The purpose of Thespians is to give recognition to meritorious achievements in dramatic arts and to be of service to the school and the community. To help pay expenses the club usually presents several plays in pay assemblies or, as this year, a three act play was presented at night. "Papa Was a Preacher" was presented on two nights in November.

THESPIANS—Bottom row—Randy Hooker, Cindy Veazey, Carol Palon, Barbara Hickman, Kay Carert, Sandra Markely, Andel McCarley, Marci Talbuth; second row—Ken Cusick, Gary Herrin, Kay Hillin, Janet Barkley, Neva Chowning, Diane Landon, Susan Snider, Judy Richardson, Sandy Webb; third row—Gregg Vitarelli, Phil Christy, Bobby Oates, Janie Schorlemer, Lizabeth Stuppi, Sheila Mills, Anna Williams, Douglas Hyde, Roddy Wolper; top row—Larry Froelich, Johnny Kollar, Mike Burnett, Joe Batson, Bill Grenewald, Mike Evans, Gary Pearson, Darrell Cooper, Rickey Gerkin, John Hathaway, George Butler.

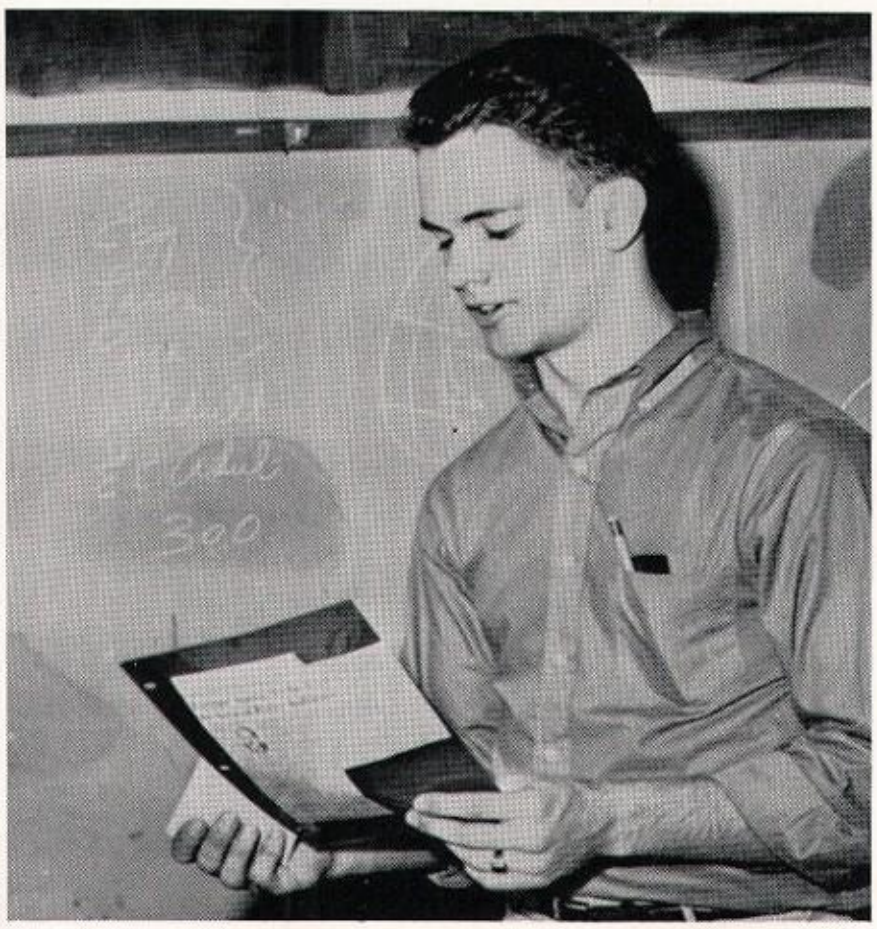
DEBATE CLUB—Top row—Charles Holeman, Steve Busby, Steve Hileman, Ronald Horn, John Marler, Gary Moore; bottom row—Mrs. Powell, Sidney McCollum, Lizabeth Stuppi, Kay Mills, Ruth McMennamy, Sally Fuller, Carol Ann Palon.

Every phase of this year's debate question has undergone careful study by the debate teams at Amarillo high school.

Mrs. Powell, debate club sponsor, helped the debaters to argue their cases in a logical and concise manner.

Two of these members, Steve Hileman and Lizabeth Stuppi, appeared on KFDA television in November to discuss the opposing sides of the debate.

The debaters were also responsible for the Lions club debate held during the second semester. This is given in the form of an assembly so that the student body may view.



MY OPPONENT HAS SAID—Steve Hileman debates in a practice session during sixth period debate workshop.

I THINK IT SHOULD GO HERE—FJA students, Steve Shaw, John Hodges and Ronnie Wood work on their assignments in the journalism room.

# Future Journalists of America

The Future Journalists of America was started in Amarillo high school in the year 1957-58. They started as a lab project for The Sandstorm, the school's bi-weekly newspaper. It is one of the oldest school newspapers in the state of Texas. In the year 1958, it had the largest enrollment in the club.

AHS has the only chapter of Future Journalists of America in Amarillo.

In the past the group has participated in the Texas High School Press association and have taken first place in many honors in photography, feature writings and received numerous trophies for the yearbook and newspaper.

This year there are about twenty students enrolled in Future Journalists of America. Sponsor for the group is Miss Dorothy D. Butler.

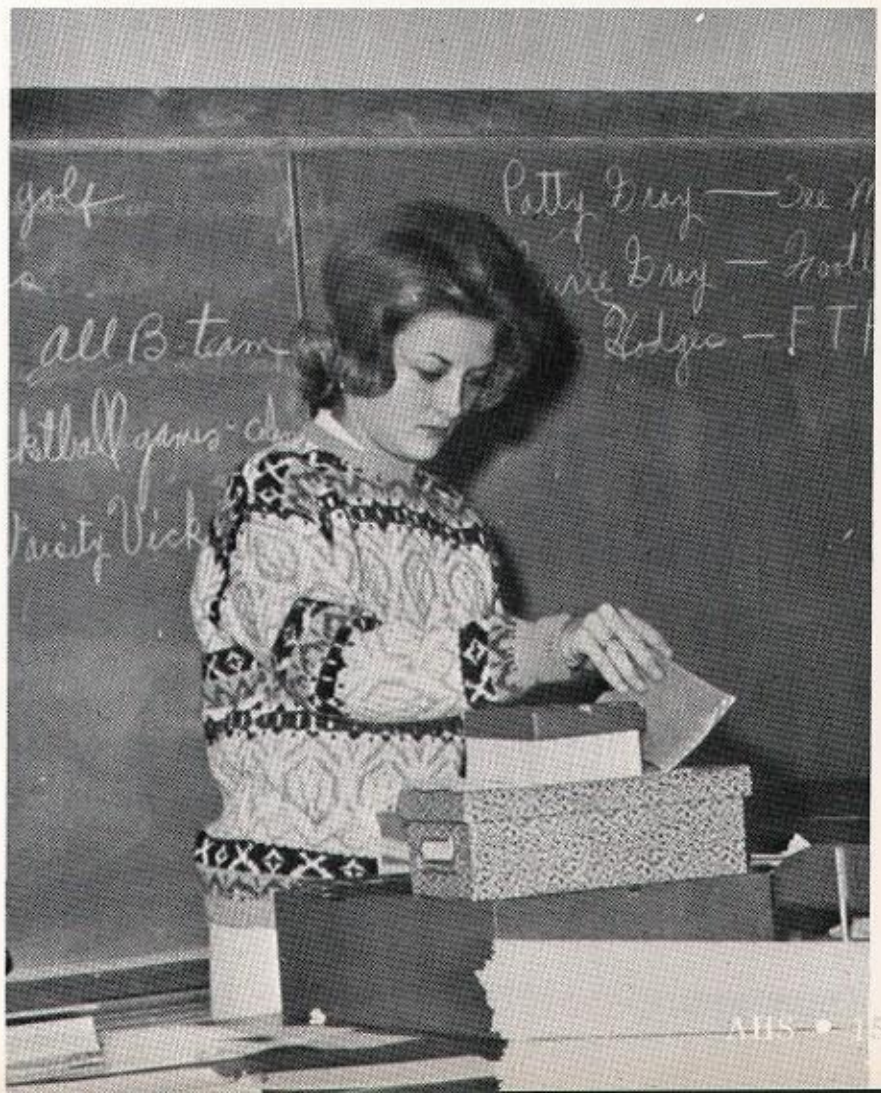
# Quill and Scroll

Quill and Scroll was organized by a group of high school supervisors in 1929, "for the purpose of encouraging and rewarding individual achievements in journalism and allied fields." In 1953, Quill and Scroll had 3500 chapters in all parts of the United States, in many of its possessions and in several foreign countries.

To be eligible for a chapter, a high school must publish a newspaper, a yearbook or a magazine which is considered of sufficient merit by the executive council.

The society conducts contests which rate individual success in writing news stories, editorials, feature stories, interviews and ad copy. It conducts surveys in the field of high school journalism and maintains a critical service for publications that wish such attention.



WHERE DID I PUT THAT?—Quill and Scroll member Nancy Fellers looks for a picture during an annual workshop in which many Quill and Scroll members participated.

# Future Teachers

The Erdman Chapter of the Future Teachers of America was founded at AHS in 1947. The chapter was named after Loula Grace Erdman, one of Amarillo's ex-teachers.

The purpose of FTA is to aid students who are planning to enter the teaching profession. Each year senior members are given the chance to teach in some elementary school for two days.

Activities of the Future Teachers include the membership drive in September, distribution of apples to the teachers on registration day, the district convention held in Canyon in November and the annual FTA breakfast in the spring honoring senior members and announcement of new officers.

Sponsors this year are David Stults and Stella Matherly. President is Bobby Oates.

The members attend a drill team school in Marshall, Texas, during the summer. Here they learn new drills and routines.

Every spring sophomores and juniors are chosen to replace the seniors who are graduating. This year the Steppers consisted of 26 members, nine seniors and 17 juniors.

## French Club

Avec Amis, meaning "with friends," is the name of the French club. The purpose of the club is to encourage conversational French and to increase French vocabulary among the students.

The new language labs added this year have helped the French classes in learning proper accents and dialects. They are used by all three language departments, and have tapes available in Latin, French and Spanish.

Miss White, who joined the faculty at the beginning of this year, is sponsor of the club.

The name Inter Nos means "among ourselves." "Labor Omnia Vincit," their motto, means work conquers all. The purpose of the club was to study customs, famous characters, historical events, legends and mythology. It is a supplement to the people taking Latin. Today, the main purpose is to build better relationships among the students.

Agnes O'Donnell and Marie Donnell are the present sponsors.

# Spanish Club

"Los Vijeros," the Amarillo high school Spanish club, is now open to all students enrolled or previously enrolled in a Spanish course. The purpose of the club is to create better interest in Spanish speaking countries, the people and their customs and to practice speaking Spanish to one another.

All meetings are carried out completely in Spanish. At the meetings, there is always an interesting speaker to tell of Spanish speaking countries and their type of government.

Miss Cora Russell was the first sponsor of the Spanish club, Los Vijeros, meaning "the travelers." Present sponsors are Miss Viola Ballard and Mrs. Sarah Harp, Spanish teachers.

The FHA has grown greatly since its beginning. The sponsors this year are Mrs. Julia Dengler, Miss Ann Cunningham, Mrs. Mae Derrick and Mrs. Inez Parkey, home economics teachers. The president this year is Kaye Persall.

Big events take place each year. The most prominent is the formal initiation and installation of the newly elected members and officers, held in October. Other activities in FHA are a "Get Acquainted Coke party," and area and state meetings. In the past years there has been a "Daddy Date" night and a "Mother-Daughter" tea.

FHA girls also work towards creating good will between school rivals.

This newly formed organization is of a more unique nature than any other at AHS. It is involved with a hobby which involves quick judgement, fast thinking and human behavior knowledge. The Chess club, "Golden Knights," has enthused many chess fans. However, more players are expected and are invited to join the club.

Some of the plans of this club include promoting the wide-spread playing of the game.

## Bowling Club

Tenpens, the bowling club of Amarillo high school has been bowling for the past five years and has participated in inter-school tournaments for the last three years. The policy of the club has been "to teach its members how to bowl in tournaments." Of all tournaments, the biggest is the Christmas tournament.

The bowling club of AHS is a member of Amarillo Junior Bowling congress. The Tenpens were brought into being by Richard D. Pflug. Frank Elmore has been sponsor for the past two years.

The weekly meetings have been held at Amarillo Bowl except for the first year. That year they were held at the Western Bowl. This club has boasted at least twenty members each year.

# Future Farmers of America

When the Future Farmers of America was organized at AHS in 1950, the sponsor was R. H. Davis.

FFA is designed for the advancement of vocational agriculture.

One of the main activities of FFA is the participation in livestock shows. Representatives are sent to district and national conventions where they compete against other schools.

The initiation ceremony of FFA is very different from that of most school sponsored organizations. All the initiates stick their hands into a harmless green solution which turns their hands green, signifying the "green thumb."

All shoes of the prospective members are placed in the middle of the room. Someone gives a signal and everyone scrambles to get his shoes on. The unlucky last person to finish has to eat a raw egg.

The Electrics chapter 98 holds its meetings twice a month, when members plan socials and transact all club business. The sponsor of this chapter is Oscar Self.

Both chapters attend the state convention and two district conventions. The VIC has been formed since 1947.

HIKE!—John Harrold calls signals in an intramurals game. The football games were played in Elwood Park.

# Intramural Program

This year in order to increase the students' interest in the intramural program, the program has been extended to include all school-sponsored organizations, rather than only the gym classes.

The scoring in the intramural program is based on the point system. Each organization receives a designated number of points for entering a team, bonus points for each team they enter over three teams and points for placing either first, second or third in any of their games.

At the end of the year, the club which has the most points will receive a plaque or trophy with the name of their club on it. This trophy will be passed to the winning organization each year thereafter.

The various sports which are included in this program are touch football, basketball, volleyball, softball, badminton, ping pong, tennis. archery and bowling.

I HAVE IT!—Patty Willey jumps for the ball in an intramural basketball game.

# Key Club

The Key club was first organized in Amarillo high school in 1962. It has been in the other high schools, Tascosa and Palo Duro, for several years. The club has a membership of around thirty boys who were picked for their leadership ability and good citizenship.

The Key club tries in all ways to make our school a better place to work and study. This year they took over the Vigilanties and sponsored them.

Their main project is the selling of "football fellas" to promote school spirit.

The president of the club this year is Mike Mullins.

# Math Club

The Math club, started in 1950, is sponsored by B. C. Calvert, algebra teacher. There are approximately ten members this year. President of the group is Craig Corbin, sophomore.

In March members of the club were among those taking part in a math contest sponsored by the Mathematical Association of America and the Society of Actuaries. During meetings members worked problems and learned new techniques in preparation for the contest.

A petition was sent to a national math club, also sponsored by MAA, for a membership charter.

In 1946, the DO club was founded. Sponsor of the club was Robert Devin.

Present sponsor is Oliver Diggs, and newly elected president is Nancy Coburn.

Diversified Occupation is a cooperative training program between school and industry. This class is offered two periods a day for two years. Students taking this course attend school in the mornings and work in the afternoons. They work at an occupation in which they want to work after graduation. The course is especially good for those who don't plan to go to college and want to get on the job training while in high school. The school furnishes technical related instruction and industry furnishes the laboratory and experience on the job.

# Distributive Education

The Distributive Education club, sponsored by Mr. Raymond Wilson, is one of the most important clubs in Sandieland. The club includes all students enrolled in the distributive education classes. The objective of the club is to participate as a group in projects in his job. They sponsor a spirit of fair play and competitive sport in various jobs.

In the back of the distributive education classroom there is a mock store in which DE students learn the techniques of selling and good business. Many of the students acquire outside jobs which occupy their time, give them excellent experience and teach them salesmanship.

LET'S SEE NOW—Linda Gordon takes notes in a DE class. In these classes the students learn salesmanship and other fundamentals of good business.

The Sandettes assist the student body during sports seasons by selling tickets to all the games. Teachers may call upon members for help at any time.

Uniforms consist of gold blouses and black skirts.

New members are chosen by those in the club.

## Vigilantes

The main purpose of the Vigilantes when formed in 1957 was to work with the cheerleaders. The first Vigilante group was known as the Touchdown crew.

The Vigilantes have no regular meetings. New members are added by club election. The Vigilantes are most active during football season when they help set up the public address system and take charge of the TD horn and Victory Bell. The present captain is Jimmy Mead. The Slide Rule club may be joined by any student interested in the topic.

Members of Y-Teens belong to a world-wide organization of fellowship consisting of women and girls of every race and color. During the year Y-Teens sponsor many social events and other projects.

## Sandies 6 – Borger 14

Charles Ansley, an outstanding back for the Sandies, made the only touchdown of the game against the Borger Bulldogs. Mike Mullins ran for the extra points, making the score 8 for the Golden Sandstorm.

With less than a minute to go in the game, Ben Hankins threw a pass into the end zone intended for Jimmy Dean, but Dean Alexander intercepted the pass to stop the Sandie attempt to catch the Borger team.

## Sandies 22 – Palo Duro 28

The Golden Sandstorm team concluded their 1962 season Saturday, November 24, at Dick Bivins Stadium with a defeat by their cross-town rivals, the Palo Duro Dons.

Ben Hankins returned the opening kick-off to his own 38 yard line. On the following plays for the Sandies, they only gained a total of four yards.

Late in the second half, Gilbert Coats passed to Johnny Vachon for a 34 yard gain and another touchdown for the Sandies.

Pampa, Lubbock, Monterey and Plainview finished ahead of Amarillo high school in the season standings. The Sandstorm was ranked third in the pre-season coaches' polling.

"Sammy Gast has made the most improvement of any boy on the squad,' Coach John Ethridge relates. Gast, a junior backcourt star, was named to the Amarillo News and Globe-Times All District and All City teams.

Also named to the all city team were Jim Hill and Wendell Hilton.

# City Teams Defeated

During regular season wrestling this year, the Sandie wrestlers came through to tie Tascosa for second place. Boys Ranch defeated the three city teams claiming the city championship.

Jim Russel, from Dove Creek, Colorado, coaching here for his first year, proved his ability by bringing a sophomore dominated team as far as he did.

Keith Woods, 180, brought back the only first place honor in the city tournament, January 25-26. The Sandie grapplers came in last with a total of 38 points.

The only sophomore to place in the tournament was Finn Mjolhus, 112, placing third. The Grappler's heavyweights Jim Henson and Mickey White placed third and fourth. Freddie Black placed second.

Out of the 46 boys out for wrestling, 24 received letters. There were only eight seniors out of the total.

Captains for this year were Freddie Black and Dale Hayes.

# Girls P.E. . . .

SHORT PRACTICE—Pricilla Kohl, junior, takes aim as she takes part in a basketball game during her gym class.

The physical education program is offered to develop the student's sportsmanship as well as skill in sports.

Archery and basketball are two of the activities in the girl's physical education program. Volleyball, golf, tennis and calisthenics complete the program.

Three times a year the girls take a series of physical fitness tests. Their goal is to achieve an average of 50 per cent or better. The ratings are determined on a national scale. Sit-ups, chin-ups, the shuttle run, the standing broad jump, the 50-yard dash and the 600-yard walk-run make up the physical fitness test.

Girls making the 50 percentile receive the standard emblem while those making 80 percentile receive the merit emblem.

READY . . AIM—Lined up for a shot at archery targets are sophomores, Patricia Dodson, Charlene Ellis, Georgia Bradley, Jane Barron, Donna Baily, Becky Beeks, Mandy Clark, Janna Dahlin and Mary Bradshaw.

JUNIOR CLASS OFFICERS . . . Paula Mayberry, Jan McConnell, Sandra Lee Cox and Pete McKay.

Juniors at Sandieland are offered a wide variety of activities. During the Junior year several tests are administered to the students. These tests include the Diagnostic Arithmetic and English tests to determine the need for Advanced Arithmetic and Advanced English courses offered during the senior year. In March the juniors receive the opportunity to compete for scholarship honors in the National Merit Scholarship Test. Those making high grades on this test are given a similar test during their senior year. Only juniors are allowed to compete for the American Field Service exchange program.

Pete McKay, president; Paula Maberry, secretary; Jan McConnell and Sandra Lee Cox, co-vice-presidents, were chosen in a school election early in the year.

At the November Popularity Ball, Joe Bob Womack and Paula Mayberry were selected as class favorites.

# Sophomores Begin Year at AHS

SOPHOMORE OFFICERS . . . They are left to right, Dana Juett, Sharon Tolzein and Sammy LaGrone.

This year students from Stephen F. Austin, James Bowie, and James Fannin began their high school life at AHS. Early in September the sophomores reported for registration. With the help of Mrs. Nan Gibbs, sophomore counselor, the new students made it past the hectic rush of registration day and settled down to a beneficial year at Sandieland. In the regular elections in October, the class named Sammy LaGrone to the presidency. Dana Juett was named vice-president and Sharon Tolzien was selected as secretary.

This year the sophomore class lead the senior and junior classes in enrollment with approximately 900 students. This number is larger compared to recent years. At the Pop Ball in November Lana Rodgers and Ben Hankins were announced favorites. The favorites were chosen by election the week before.

Putting a yearbook together is not easy to do, for a while it becomes a way of living.

This yearbook is composed of ink, paper, words, pictures and the sincere efforts of many people.

BILL GRENEWALD, art editor, has become as much a part of this yearbook as the pages themselves. MISS DOROTHY BUTLER came into the department as an inexperienced yearbook sponsor and had to learn much along with the rest of us. SANDY MOORE had to spend most of the year in an endless sea of words. MARGARET PATTON, editor of the Sandstorm, took much time out of her busy schedule to help. NANCY FELLERS went above and beyond the call of duty to organize the pages and compile an index. LAURIE GRAY and CAROL AYRES, the other editors of the Sandstorm, had to type seemingly endless pages of bodycopy. Our photography staff, DICK MILLER, KENNETH ALLEN, LARRY "TWEETY" BYRD, were undaunted against almost impossible assignments. Also DARYL BAYLE and LARRY BOONE shared in the responsibilities of taking and developing pictures.

All of the students enrolled in journalism classes have helped to make this annual what it is. Among these students NED NEVELS, JACQUE MULLIS, and BILLY MOUSER did more than their share of the work. SHARON PRICE, JUDY FEFERMAN and LINDA WOOD had the long and tedious job of alphabetizing and locating pictures. CAVENDER DISH, JANET BASTHEMER, and KEN CUSICK were a tremendous help.

I wish to extend my sincere thanks to everyone who helped with this book.

Special thanks go to FLOYD HOBSON, our representative from TAYLOR PUBLISHING COMPANY, who did much to light the way for the 1963 LaAirosa; MICKY and JERRY HODGE, who went out of their way to help us with the class pictures and our color pictures; and EARL MILLS and the STUDENT COUNCIL for their invaluable help during the publications campaign.

In putting a yearbook together there is a great deal of pressure and strain, it takes a great amount of patience, time and energy, which at times we need more of.

We have tried to give you a pictorial history of this year, we hope you will accept this, our humble endeavor.
